II. LOGIC MODEL

Use the Logic Model below to describe the Outcomes, Indicators, Data Collection Methods/Tools, Data Collection Frequency/Schedule, and Sampling Strategy.

Outcomes	Indicators	Data Collection Methods/Tools	Data Collection Frequency/Schedule	Sampling Strategy and Size
Short, intermediate or longer term changes anticipated in participants' lives, and/or in organization or community conditions. (These are appropriate for the project and are something for which it can be held accountable.)	Detailed examples that can be seen, heard, or read that demonstrate outcomes are being met. (These are directly related to the outcome and help to define it, and are measurable during the project period.)	Method for gathering statistics for the assessment of the project. They need to be valid and reliable, culturally appropriate, and are within the agency's resources to implement. (You may use "off the shelf" data collection tools or develop your own. These may be case records, assessments, interviews, survey, etc.)	Describe when and how often data will be collected. Consider: <ul style="list-style-type: none"> ● How frequently you are in contact with participants. ● When data will be available to you and confidentiality. ● Whether you are accountable for short-term or long-term change. 	State whether the entire participant population will be included or a sample will be taken. If the project has less than 100 participants, all participants should be included. If you need to sample, describe which sampling method you will use.
<p><u>For example:</u></p> <ul style="list-style-type: none"> ● Increase in grades (GPA) at end of school year. ● Increase in pro-social behaviors. ● Decrease in aggressive behaviors. ● Decrease in recidivism. 	<p><u>For example:</u></p> <ul style="list-style-type: none"> ● At least 30 of the 40 youth will have an increase in grades (GPA) at the mid-semester marking period. ● At least 30 of the 40 youth will show an increase in pro-social verbal skills. ● No project youth will be in a fight during the week. ● No project youth will be arrested during the month. 	<p><u>For example:</u></p> <ul style="list-style-type: none"> ● Attendance taken at every after-school mentoring session. ● Student grades. ● Teacher's daily log that records student behavior. ● Referrals to the principal for fighting. ● Survey of parents. ● Police arrest records. 	<p><u>For example:</u></p> <ul style="list-style-type: none"> ● At entry into project and at end of school year. ● Weekly, during the project. ● At one-year follow-up. ● Confidentiality forms will be signed with Administrator of the Courts to use JCS records. 	<p><u>For example:</u></p> <ul style="list-style-type: none"> ● All students in the project. ● All teachers of students in the project. ● Every third student entering the project.
